LOT 1186b - Santasy Large Planters for Outdoor Plants Raised Garden Bed Garden Boxes Outdoor Raised Planter Box

Item Condition New

Description

Plant Pots Perfect for Garden Patio Balcony Deck to Planting Flowers Vegetables Tomato and Herbs 78.7(l) X 16(w) X 20.9(h) Reinforced Material for Durable Use:Our raised planter box is made of reinforced PP materials with high durability, lightweight and reliable structure, and will withstand seasonal changes without warping. The chemical-free surface ensures safe planting. Watering System with Reservoir:The flower box features self-watering disk & drainage holes, can provide water reservation spaces to avoid plants over-drying when forget to water for some time. Drainage holes will effectively drain out excess water, preventing roots from decay. Large Planting Space:This garden bed planter is separated into different growing areas for different plants or planting methods. The raised garden box is deep enough to build a higher wall for deep-rooted plants such as tomatoes and carrots. Protect plants from small animals or ground pests. For Outdoor & Indoor:Built for many harvest seasons, it is suitable for planting deep-rooted or flourishing vegetables, herbs, flowers and fruits on porches, decks, courtyards, balconies and terraces. It is a good gift for parents, friends and family. Assemble without Tools:Overall Dimension:78.7(L)x16(W)x20.9(H) (from top of the box to the bottom of the leg);easy to install according to the installation manual included or the video on the detailed page of the product.If you have any product related questions, please feel free to contact us.
