LOT - Lalahoni Outdoor Privacy Fence Screen, 3 ft W x 6 ft H Overall PE-Coated Steel No-dig Fence for Outs

Description

Side Garden Backyard Balcony Patio Decorative Metal Privacy Screen Fence Panels, Brown, 1 pc 70.9H x 35.4W Fence Screen 1 Pack Product Size: The outdoor privacy screen is 70.86 inch in height overall, 35.4 Inch in width. This Privacy Screen is the perfect solution to provide privacy or hide less attractive features such as garbage cans, heat pump, air conditioning units, pool equipment, etc. Used on patio to block view of unattractive items. Durable Metal Material: This decorative privacy screen panels, made of durable galvanized steel and coated with polypropylene that is treated with UV inhibitors to minimize fading in the sunlight and rain. This screen fence is weather-resistant, rust-proof, long-term service. Multi-purpose Privacy Screen: It's great as entrance room divider/screen, also define different areas of the garden, provide privacy for your patio, yard, backyard, balcony, outdoor back porch, seating area, fire pit area, pool area, bench area, etc. The unique lattice also can work as a trellis for your climbing plants or place some pot flower. Easy to Assemble and install: Easy to put the privacy screen panels together. No extra tools is required. Install instructions included. Simply insert the feet into ground around 30cm/1feet. Note: Install the screens in concrete if in loose or sandy soil; When assembled at hard ground or deck, please assemble the screens at the dedicated stand (Not provided) Stylish Good Looking Slatted Design: The privacy screen fence has narrow horizontal slats and is mostly screen, provides nice privacy without blocking all the light or air flow. And slatted Design prevents this screen from getting tipped over by the wind.
