LOT - FitRx SmartBell Quick Select Adjustable Dumbbell 5-52.5 lbs.

Item Condition New(other)

Description

Maximize your strength training with minimal equipment using the FitRx SmartBell! This adjustable dumbbell lets you customize the SmartBell's weight in increments ranging from 5 to 52.5 pounds. The simple one-handed quick-select design makes it easy to use: just grip the handle and rotate towards your desired weight. It also features an anti-slip handle and safety lock for a more secure and seamless workout. The space-saving design also comes with a durable storage rack so it fits perfectly anywhere in your home while also holding plates when they're not in use. Increase the weight as your strength grows and get the results you want with the FitRx SmartBell!

Quantity: 1
