Description

Item Notes: Missing remote 1500W Power Max: The Jialexin Indoor Heater offers a robust 1500W max power for those colder days and a more subtle 800W min power for milder conditions. It's perfect for achieving a rapid temperature increase while maintaining a balmy environment. With its power flexibility, it becomes an essential companion during winter. When you choose it, you're not just selecting a heater; you're investing in adaptable and consistent indoor comfort. Safety First: Built-in safety mechanisms such as overheat protection and tip-over switch. Ensuring this

Space heater for Indoor Use never reaches dangerous temperatures, automatically shutting off if risks are detected. Meanwhile, the tip-over switch provides an added layer of protection, immediately turning the heater off if it's accidentally knocked over. You will rest easy knowing this Fan Heater prioritizes your well-being. Quiet Operation: Even with its powerful output, our heater fan operates below noise levels, ensuring undisturbed relaxation or work. With its silent design. Whether you're reading a book, watching a movie, or focusing on your tasks, this Electric Heater ensures your environment remains peaceful. Experience warmth without any disturbance, making it a perfect companion for bedrooms, offices, or any space where tranquility is key. Portable & Stylish Design: Sleek and ergonomically designed, our Portable Heater can be effortlessly transported to any room with its hidden handle on the top of its body, offering warmth wherever needed. Weighing in at just 4.4 pounds, this lightweight Room Heater not only stands out with its stylish aesthetics but also ensures easy portability. Move it around your home or office with ease, bringing coziness right where you want it. Easy Control & Multi-Functionality: This Ceramic Heater comes equipped with an intuitive remote control, allowing for effortless adjustments from a distance. Whether you're setting its 2-4-6-8H timer for scheduled heating or choosing your preferred oscillation angle, the options are at your fingertips. With a 55-degree up and down tilt and a 120-degree left and right swivel, you'll enjoy versatile warmth in your immediate vicinity..
