LOT B39 - 21.8 in. ToughSystem 2.0 Tool Box

Item Condition New

Description

\$129 Customize your storage space while maintaining productivity with this ToughSystem 2.0 2-Drawer Unit, which is designed to offer convenient access to your tools and attachments on the jobsite. It features 2 deep drawers built to securely hold your tools and tool pieces while ball-bearing slides enable smooth drawer motion. Expand your storage space using the unit's patented side latches to quickly connect it with other ToughSystem modules.. High compatibility: compact module connectivity platform fits ToughSystem 2.0 full-size/compact organizer cups and is designed to be compatible with any ToughSystem or ToughSystem 2.0 product. 22 lbs. Load capacity. Open and close drawers with ease: ball-bearing metal slides allow for smooth drawer movement. Customizable storage solution: connect with other ToughSystem units using the patented auto-connect side latches and quickly disconnect with 1-touch release capability to use the unit on its own. Convenient portability with carrying side handles. Plenty of storage space to fit your tools and attachments with double deep drawers.

Quantity: 1
