LOT P238 - Lasko Oscillating Tower Fan, Remote Control, 3 Speeds, 42", Silver, T42951 Silver T42951

Item Condition Open Box - Not Tested

Description

\$80 POWER YOU CAN FEELThe 42 Wind Curve Tower Fan has 3-speeds to keep you cool all day and night. This tower fan is perfect for large rooms and bedrooms. The remote control features 5 buttons: on/off, timer, speed, oscillation, and nighttime setting **BLADELESS DESIGN**With a slim, sturdy, bladeless design, the 42 Lasko Wind Curve Tower Fan fits beautifully into your home and provides cooling comfort. This lightweight fan is easy to assemble, and the carry handle makes it simple to pick up and move **OPTIMAL OSCILLATION**While other fans promote a full 90 degrees oscillation, we designed the 42 Lasko Wind Curve Tower Fan with 60 degrees of oscillation to ensure you feel more of the breeze so you're not waiting longer for the fan to come back around **TIMER + QUIET NIGHTTIME MODE**The 42 Lasko Wind Curve Tower Fan has a 7.5-hour timer for easy on/off through the day or night. The quiet nighttime setting automatically dims the LED controls and decreases speed so you can sleep peacefully and stay cool **DESIGNED IN THE USA**Designed and engineered in the

USA, Lasko has more than 115 years of American design and manufacturing experience building high-quality, ETL listed, safe and reliable fans..
