LOT A-33-D - Frigidaire, 26 lbs. Ice Maker, Bullet-Shaped Ice, Stainless Steel, EFIC130

Item Condition Open Box - Not Tested

Description

\$108 New rapid Ice Production: Generates an impressive 26 lbs. Of ice per day, ensuring an abundant supply for your needs. Quick Ice Formation: Get your first batch of ice in just 6-13 minutes, allowing you to enjoy chilled beverages without delay. Ample Ice Storage: With a capacity of up to 0.6kg in the ice basket and a 1.2l water tank, you can store a substantial amount of ice for any occasion. Intuitive Touch Control: Easily manage your ice-making process with the LED touch panel, providing convenient and user-friendly operation. Sleek Bullet-Shaped Ice: The ice maker produces perfectly shaped bullet ice, ideal for various drinks and cocktails. Compact Countertop Design: Fits seamlessly into any kitchen or space, making it a versatile addition to your home countertop. Hassle-Free Setup: No water hookup needed; simply plug the Frigidaire into a standard 120V grounded electrical outlet and fill the reservoir with water. Temperature Range Flexibility: Works efficiently within an operating temperature range of 10-40 , ensuring reliable performance in various

environments. Convenient Indicators: Features an indicator for water shortage and an alert for when the ice basket reaches full capacity, providing clear signals for maintenance..
