### **Description**

\$85 UNIVERSAL SIZE Deomod trampoline slide has an overall length of approximately 60 inches and a width of approximately 18 inches. There is a hook connection between the slide and the trampoline, and it is designed to fit all spring-loaded trampolines and most spring-less trampolines, including 10FT, 12FT, 14FT, 15FT, 16FT, and more. QUALITY FABRIC Trampoline Slide attachment surfaces are made of durable, tear-resistant materials that can withstand strenuous exercise - no need to worry about wear and tear or frequent replacements. Deomod is made of thickened, thick steel tubing with an approximate load capacity of 220LB. The high quality slide fabric and thickened, thick steel tubing ensures that the slides are built to last, so you can enjoy sliding to your heart's content. HUMANIZED DESIGN Deomod slide is designed with cushioning, so that your child's hips won't fall to the ground when sliding down, providing security for your child's safety, compared to a ladder, the use of the slide is

more safe and reliable, which allows your child to slide safely on Deomod trampoline slides, creating unforgettable memories of laughter and unlimited fun. EASY INSTALLATION Trampoline slide package includes all assembly parts and installation tools. And we come with gloves for your convenience when assembling, it should be noted that you may need to refer to the instructions for installation before installation, which can help you finish the assembly quickly and save your time so that you can have more time to enjoy the trampoline fun! ANTI-CORROSION DESIGN The surface of trampoline ladder is coated with a layer of protective oil, which prevents the steel tube of the ladder from rusting and increases the service life of the ladder. In addition, Deomod are equipped with gloves to avoid the protective oil from staining on your hands and keep it neat and tidy while providing you with fun.
