LOT B62 - JJing Universal 7 Gallon Generator Gas Fuel Tank with Compatible with Honda Generator EC6500 EM6500 EM5500 EM5000S EB5000X EB6500 EEL6500CXS and More Other Generators

Item Condition Open Box - Not Tested

Description

Please carefully check the sizes before placing order. A few customers didn't check the sizes and then return the tanks without quality issues, saying it was not the right sizes for their generators. This should have been able to be avoided if looking at the size information before ordering. Thank you. Mounting sizes(hole to hole) length: 23 -1/4", Width: 16.1", Fuel capacity: 7 gallon or 26.5 L. Please take a look at the 2nd picture to learn the details. Fuel gauge and rubber grommets are already built in(many other tanks don't) Note:This tank doesn't have vent valve. A few customers didn't notice this until receiving the tank and then return it without quality issue. Please look at the pictures carefully. If you need a fuel tank with vent valve, this one is not the right for your need. Attention:the true capacity of the tank is a little less than 7 gallon.It is the same situation for all similar tanks you can see in the market, which are declared as 7 gallon.If you really need an exact 7 gallon tank, please don't order it in order to avoid

non-quality return. Thank you for understanding. Fits Honda generators EC6500 EM6500 EM6500SX EM5500 EM5000S EB5000 EB5000X EB6500 EM6500SX EL6500CXS and more. Fits Champion generator 9375 41537 40026 41030 41135 and predator 8750 generator Fits other generators which requires a gas fuel tank of this size,like Wen Power 5500 generator,power house generator 9000watt generator,Powerland 10000 generator,Onan HomeSite 6500 generator,APP 6000 generator,Tahoe TI9000LXU generator,power train generator 6500/8500, King Craft 5000kw generator and more. Come together with grommets, fuel petcock, fuel line, spark plug,air filter, gasket set of carburetor and muffler for the need of regular maintenance..
