Description

6-IN-1 Extensive Connectivity Experience the ultimate in connectivity with our cutting-edge WAVLINK multiport USB-C adapter. Combining 2x10Gbps USB-A ports, a high-speed 10Gbps USB-C port, a stunning 4K HDMI port, a powerful 100W PD IN USB-C port, and a lightning-fast 2.5G RJ45 port, this sleek dock delivers all the functions you need to unlock the full potential of your devices. Say goodbye to limited ports and embrace limitless possibilities! Unleash Spectacular 4K@60Hz Display Transform your everyday viewing into an extraordinary visual feast! Seamlessly mirror or extend your screens to projectors, monitors, or HDTVs using our HDMI port, all in breathtaking

4K@60Hz resolution. Plus, the dock supports clamshell/rotation mode for unparalleled flexibility. Feel free to dive into a world of HD entertainment with HDCP support, enabling you to enjoy videos from sources like Blu-ray, Netflix, Prime, iTunes, Hulu, and more. Max 100W Power Input Our USB-C dongle features a robust 100W input that ensures uninterrupted power delivery to your host device, with up to 85W output while transferring files or streaming videos. Equipped with a superior chip, this dock offers over-current protection and short-circuit protection, prioritizing your charging safety every step of the way. Note: The charger and charging cable are not included. Ensure that the USB-C port on your host device supports charging. Next-Level Data Transfer Speed Our dock is equipped with three lightning-fast USB3.1 ports (2xUSB-A + 1xUSB-C), delivering mind-boggling speeds of up to 10Gbps. Say goodbye to waiting times as you transfer large files or HD movies in just seconds. Please be aware that the USB-C port does not support video output. Our upgraded Ethernet port brings a speed of 2.5Gbps, providing a smoother and more stable online browsing experience that surpasses standard docks. Universal Compatibility & Driver-Free The dock is compatible with all devices featuring a full-featured USB-C port. Whether you own a MacBook Pro/Air, Dell, HP, iPad Pro/Air/Mini, Steam Deck, etc., rest assured that our dock meets your needs. It works with multiple OS such as Windows 7/8/10/11, Mac OS 10.8 or later, iPad OS, Chrome OS, Linux, HarmonyOS, Android. Best of all, there's no need for additional drivers, making setup a breeze and adding convenience to your daily use..
